### DECORATING AND ANIMATING THE SPACE

You can totally decorate the space just the way you want! Think about using fun structures, colorful tablecloths, cloth napkins, and beautiful flowers. You can even liven things up with magicians, shows, musicians, or fireworks, all with the venue's approval. Just a heads up, though—streamers, confetti, and similar party items aren't allowed. If these rules aren't followed, there might be cleaning fees.

### COVERAGE PROMISE

You need to confirm the exact number of guests 4 days before the event date. This number will be the minimum for billing. Management has the right to cancel the reservation if there are unforeseen circumstances like a strike, fire, or water damage.

### ASSURANCE

The company cannot be held responsible for any kind of damage, especially fire or theft, that might happen to items or equipment left during the event covered by this reservation.

The organizer promises to fix up the premises that have been used, at their own cost, to bring them back to their original condition if any damage occurs.

The Management and the company can't be held responsible for the blood alcohol level of guests at events. However, the establishment has the right to refuse alcohol service and to have anyone who is obviously intoxicated escorted home, with the costs covered by the individual who can't drive.

### MUSIC

Infrastructure available on site: 220V electrical connections, so please remember to bring your own extension cords.

All electrical connections and the setup of the installation need to be checked and done under the watchful eye of the site manager. It's really important not to change anything in the current installation. The service provider should use the right electrical gear that has been inspected by a certified organization (like extension cords, power strips, and so on).

The facilities are working well and are in great shape. If you see anything unusual before the installation begins, please let the manager or project manager know.

The background music sound diffusion is already set up on site: Multi-diffusion with LD SYSTEM speakers. You can connect to the amplifier using either 2XRCA or 1XLR female. Festive evening diffusion installation:

Multi-diffusion with LD SYSTEM speakers. Depending on the setup, a remote speaker can be placed in the dance area.

This system lets you enjoy up to 80dB(a) on the dance floor or party area, perfect for a dance party!

No loud music is allowed on the terrace.

We're here to help you during the installation, guiding you and showing you how to manage the broadcasting system. For mixing and managing the ear-monitors, you'll need to bring in your own sound engineer. We can take your final mix output from the consoles in either 1x XLR or 2x RCA. The artistic side, like balance, returns, stage, and lights, is up to you. Only electronic drums are allowed (no acoustic drums or percussion, please).

**Only ear monitors are allowed for the artists' sound feedback (no speakers on stage, please!).** You agree to follow the noise pollution laws and to pay the royalties (SACEM) for any event featuring an orchestra, musicians, or a show. The establishment won't be responsible for any noise pollution issues.

**Music needs to be turned off at midnight.** Management has the right to lower or stop the music before the planned time if there's a complaint or if law enforcement gets involved. This won't lead to any compensation or price reduction, no matter what.

### TIMETABLES

**All guests need to be out of the space by 12:30 a.m.** Any extra time that isn't part of the agreement will incur charges. If the schedule is exceeded, our team will charge for overtime.

### PERSONNEL

After 00:30, our team earns night hours, which means a 50% boost in the hourly pay.

### MATERIEL

The sound equipment, like speakers, amplifiers, microphones, satellites, overhead projectors, and televisions, that we lend you should be returned in good working condition. If anything is damaged, you'll be charged for it.

If any technical equipment like glasses, plates, cutlery, tables, chairs, tablecloths, and napkins gets damaged, burned, torn, broken, chipped, or lost, you'll be charged the purchase price.

### CONDITIONS

A deposit of 70% of the estimated order amount will be required. If this amount isn't paid, it could lead to the cancellation of your reservation.

If you cancel less than 5 days before the event, the deposit you paid won't be refunded. If you cancel less than 2 days before the event, you'll be charged for the order.

### PAYMENT CONDITIONS

Unless we say otherwise, you can pay our invoices when the service is done.
